Experienced Speech and Language Therapist

JOB DESCRIPTION

Job Title:	**Experienced Speech and Language Therapist**
Service/Department:	**ChatterBug Speech and Language Therapy**
Location:	**Sheffield**
Accountable/Responsible to:	**Clinical Specialist / Clinical Service Manager**

Chatterbug Limited is a National Social Enterprise providing a range of Speech and Language Therapy services. We believe in providing high quality, evidenced based input that provides real results. At the core of our service, we have four values that form our ChatterBug Constitution and guide how we conduct ourselves. These are:

Open

Connected

Dependable

Fortitude

Job Purpose:
The postholder will provide experienced, autonomous Speech and Language Therapy input within Sheffield's Experts at Hand model. Working across mainstream education settings and locality multidisciplinary teams, they will combine direct universal and targeted delivery with assessment, clinical formulation, consultation, workforce development and support to less experienced colleagues. The role will help ensure children and settings receive the right response at the right level and that complex needs are recognised and escalated appropriately.

Brief Job Description

The postholder will act as a named Link Therapist for allocated settings and provide experienced clinical input across family support, communication environment, identification and assessment, intervention and workforce development. They will undertake proportionate assessment and clinical formulation, manage more complex presentations within the scope of Experts at Hand, contribute to triage and multidisciplinary decision making, and coordinate support where several professionals or services are involved.

The role includes coaching and consultation for education staff, clinical support to Speech and Language Therapist colleagues, and a strong role in locality multidisciplinary working. The postholder will identify when specialist pathways are required, support effective referral and warm handover, identify recurring themes across settings and contribute these to service improvement. They may provide senior locality cover with Clinical Specialist support and will work with greater autonomy while recognising when specialist or management escalation is required.
